If the Download and Install process does not begin, please double check your Windows settings. Note: To enable the. Use the following tutorial if you do not have Internet access. Scroll down for the download link. Follow the steps in the tutorial to start the download. Contents Download and install Windows Step 1. Click the icon in the lower left corner. Click the Settings link in the top menu bar. Step 2. Under the System section, select the Downloads button. (If you have the latest version of Windows 10 installed, the button should be named "Cloud and Updates.") Step 3. Under the Cloud & Updates category, click the Check for Update button. Step 4. A window should appear and begin downloading the latest version of JetBrains products. Step 5. To start the download process, click the Open button. Mac OS X Step 1. Open the Terminal from your Applications folder, navigate to the download directory, and type the following: Step 2. Rejoice in the fact that it took 4 seconds to download! Step 3. To uninstall the previous version of IntelliJ IDEA, simply type the following: rm -r ~/Library/Application\ Support/JetBrains/IntelliJ\ IDEA* Then type: ql --uninstall Step 4. You should know which application directory to look in when you want to install it. Now type the following: ij IDEA Professional Installer 2018.4.4 Crack Step 5. The installer will launch, and you'll be prompted to select the type of installation. Make sure the Base option is selected. Step 6. This should make the program compatible with the new Mac operating system. Step 7. Once the program has completed installing, start it. Step 8. When prompted, provide the license key found in the Appendix. Step 9. Enjoy the cracked version of IntelliJ IDEA Professional! Additional Mac OS X Note: The IntelliJ IDEA installer does not provide any additional packages. If you want to add the IntelliJ IDEA documentation to your system, you will need to download and install IDEA Documentation. Step 2. Select EMBEDDED_DOCS from the left menu. Step 3. Select the JavaScript Tutorial Documentation. Step 4
